Online Testing

This is the first and only online package of standardized Driving Skills Test designed to save driver's license departments significant time and expense to rapidly screen driving knowledge skills. Instant scores, reports, statistics, and feedback are provided through this unique web-based application that enables simultaneous review and comparison of data across the world in real time.

This online test is developed from analyses of millions of road collisions, the driving behaviors of millions of drivers, and a traffic safety expert who advises governments on the installation of traffic control devices and procedures. The DMV-DKT-08 effectively reduces wait time and costs associated other driving skills tests. -

Test questions may be provided by driver's license personnel or those selected by the Sytotechnology™ statistical sampler or any preferred database.

Restricted access to a central database is available to authorized users.

Tests can be easily customized for driver's license agency needs and requirements.

Option available to include Automated Commercial Driver's License Knowledge Tests.

Start screening your drivers now using the DMV-DKT-08.
